**e. Approval of the Library Department's
Proposed Budget for Fiscal Year 2023-24: APPROVED**

City Librarian John F. Szabo provided a general overview of the Library's Proposed Budget for Fiscal Year (FY) 2023-2024, totalling \$241,852,012. He noted this amount reflects an increase of \$14,803,401 from the Fiscal Year 22-23 budget. This budget includes funding for eleven new positions, expanding the LA Libros Festival from one day to two days, additional self checkout machines, scanners, hardware replacement, and Federal e-rate projects.

Mr. Szabo said the Library Materials budget requests an increase of \$1 million, bringing the total to \$21 million dollars for materials. He noted that it is increasingly challenging to purchase content across multiple formats as popularity of eContent grows. This budget includes funds for a Digital Asset Management System to manage images and other materials that will help the Digital Content Team and the Public Relations and Marketing Office and adds a new Data Analyst to form a

data metrics team that would focus on capturing and reporting on all of the data that measures library use such as programming, collections, and digital activity.

Mr. Szabo stated that the total budget for the Library Experience Office is \$15.8 million dollars, which breaks down into three general areas: LAPD Security Services and contract security, badge access and security cameras project, and staff and training, including social services and mental health services contracts. The traditional security budget has an approximately \$1.8 million increase, which includes cost of living increases to maintain the current level of services, and a small increase to assist with non-routine costs, such as firewatch, events management, and after-hours security issues.

Mr. Szabo stated that this budget has been developed cautiously, anticipating there would be a budget year in the near future that will not have this kind of increase or may even have a decrease. He said he anticipates coming forward in a few weeks with a recommendation for a transfer of funds to the Library Budget Stabilization Fund. He recommended approval of the Library's Proposed Budget for Fiscal Year (FY) 2023-2024 in the amount of \$241,852,012 for submission to the Mayor's Office.

Discussion

Board President Cao said she was pleased that the budget remains in a growth period; however, she was concerned about the coming years. She also asked how long it would take to get the materials budget to two digits per capita.

Mr. Szabo said there's still a long way to go since they would be talking about another \$20 million in the budget.

Vice President Eidmann said she was excited to see that they are continuing the funding of the new positions for the Library Experience Office and asked if the Library would be in a position to spend the funds that have been designated for the Library Experience Ambassadors and social workers during this budget year.

Mr. Szabo replied that funds in this fiscal year budget cover the 12 customer service representatives/ambassador positions and the lead social worker. He said additional social worker positions which are funded in this proposed budget would likely be coming on board during the fiscal year for which this budget represents.

Board President Cao said she hopes that funding for the Library Experience office for this year is that by this time next year, they will be able to evaluate how things are going with the new staff and how they can adjust and perhaps expand that work based on the progress made.

Commissioner Edmonds commented about the Leadership Development Office and asked for updates on how it is forming and how the Board can support it.

Mr. Szabo asked Assistant City Librarian Susan Broman to speak more about this particular office.

Ms. Broman said this idea originated with the Take the Lead Project and the Staff Development Planning Team. The Office will consolidate all of the different initiatives relating to leadership development and training. She said consistent and transparent internal communication is a focus of this department.

It was moved by Commissioner Edmonds and seconded by Vice President Eidmann to approve the following resolution. The motion passed with 3 Ayes (Cao/Edmonds/Eidmann). Noes: 0. Absent: 2 (Franzen/Salinas).

7. Oral Update from the Ad Hoc Committee on Re-imagining Safety & Security

Vice President Eidmann reported that the Ad Hoc Committee on Reimagining Safety and Security met this month primarily to talk about the two items already discussed on this agenda, which are the additional RFQ responses received and the budget with respect to the Library Experience Office.

Mr. Szabo added that this oral report covers the Ad Hoc committee meetings for October. He discussed upcoming training for library staff on the use of Narcan. He stated that the Mayor's office staff is preparing documents for the Mayoral transition, including highlighting the work of the Library Experience Office.

Vice President Eidmann stated that she was pleased that this administration is so committed to the work that the Library Experience Office is doing and that there has been careful thought, time, and effort put into these new and promising strategies that makes the Board hopeful that this work will continue with even more vitality.
