

# LAPL ELECTRONIC RESOURCE OF THE MONTH!

## JANUARY 2011: STANDARD & POOR'S NETADVANTAGE

### **HOW DO I FIND STANDARD & POOR'S NETADVANTAGE?**

**In-Library and Home (Remote Access with a valid LAPL Library card)**

*Standard & Poor's NetAdvantage* is available online at all LAPL locations and remotely from the LAPL Web site in the Databases alphabetical list and under the subject categories of *Business*, and *Company Information*.

**DESCRIPTION:** *Standard & Poor's NetAdvantage* is a comprehensive source of business and investment information including industry surveys, stock reports and fund reports, as well as commentary from Standard & Poor's on topics such as the economy, daily stock market activity, industry sectors, stocks, bonds, funds, and investment strategies.

[Click here to open the Literacy site.](#)

A prominent part of the first page is devoted to *Financial Literacy*. A user friendly site for users on a variety of important topics from how to open a bank account, credit and debit cards, saving for college, how to refinance a mortgage, prepare for retirement, credit scores, renting or buying a home, IRAs along with financial games. If you run your cursor over *Print*, *Bookmark and Share* in the top right hand portion of each section in *Financial Literacy*, a window will open that provides links for printing, bookmarking, and social networking of the information.

### **How to search in NetAdvantage:**

1) **Top Navigation Bar** gives immediate access to the major subjects on the site.

Click on the subject you are interested in learning about, and you will be guided through the steps to learn the information you seek through selections in dropdowns.

- **Companies** -allows searching by resources such as corporation records, bond reports, executives, fund reports, stock reports, and industry reports to refine your search. Type in the company name or ticker to search. The Outlook newsletter is searchable here also by year, issue, company name or ticker. The indexes are discussed here also.

- **Industries** -allows searching by industry surveys, sub-industry surveys, company name or ticker.
- **Mutual Funds/ETFs** (Exchange Traded Funds) -allows searching mutual funds by name or ticker and advanced search fund screener.
- **Directories** -where you can search Security Dealers of North America and the Register of Corporations, Executive and Directors.
- **Financial Education (Literacy)**-was discussed on the previous page.
